

# BrocColinate™

**PATENTED SULFORAPHANE GLUCOSINOLATE**

**60 mg per capsule**

**Highest Potency  
Targeted Support**

**BrocColinate™ Offers Support For:**

- Powerful Chemoprotection
- Colon and Prostate Health
- Total Body Detoxification
- Improved Immune System Response
- Cardiovascular Protection and Health
- Optimal Joint Health
- Clinically Researched & Patented

BrocColinate™ contains high amounts of the heavily studied and multi-patented ingredient Sulforaphane Glucosinolate, found in broccoli and broccoli sprouts. For the first time in the industry, NuMedica® is bringing you this science-based ingredient in the highest potency available. BrocColinate™ contains **Sulforaphane Glucosinolate 10%™** which yields 60 mg of Sulforaphane Glucosinolate per capsule - double the potency of other available formulas.

Sulforaphane Glucosinolate has been identified by many scientists as the strongest known inducer of Phase II enzymes. These Phase II enzymes have the ability to neutralize the chemical toxins, electrophiles and free radicals, that are responsible for the initiation of carcinogenesis. Sulforaphane Glucosinolate activates the body's natural enzymes for detoxification and those with antioxidant properties, protecting cells from harmful free radical damage.\*

**Sulforaphane Glucosinolate is produced under  
US patents: 5,725,895; 5,968,567; 6,177,122;  
6,242,018; 7,303,770 and patents pending.**
